

A large, circular graphic with a red-to-white gradient background. The text "Taste of Columbus" is written in a large, white, serif font, and "Flavors of P-12" is written below it in a smaller, white, sans-serif font. The graphic is surrounded by intricate white line art of leaves and flowers. In the background, a blurred city skyline is visible.

### **FREE TICKETED EVENT**

Join your friends and colleagues at this New Event!

**A Taste of Columbus:** This event will feature food from local restaurants, local attractions, and games, giving all a taste of what Columbus has to offer.

**Flavors of P12:** The event will also feature the wide range of efforts—including research, curriculum development, teacher professional development, and outreach—by ASEE members who study and make a broader impact on preschool through Grade 12 (P12) students and teachers. Come visit P12 tables for interactive, hands-on experiences, and to sample the many flavors of P12 engineering education.

A special event for all to enjoy!
